Counseling –

To meet the challenges and issues of the present changing scenario, Indira Gandhi govt. college Pandaria realizes that counseling is an important feature to be provided for their all-round holistic development. The college provides academic, stress-related and personal guidance to the girl students..

The college also has a career guidance and counseling committee. Various programmes related to women empowerment.

There is a Women's cell that has contributed greatly to promoting the psychological wellbeing of the students, helping them to achieve their academic, personal and relational goals. Apart from these, talks by experts are arranged to answer the mental and physical health issues by psychologists & gynecologists without any hesitation or stigmas attached to them.

Experts from various avenues are invited to address the complexities of sexual harassment by citing real-life cases.

Career counseling for career opportunities in specific fields is also organized, as such counseling has helped students to overcome their own fears and anxieties and achieve their best in both curricular and extra-curricular activities.

The mentors sensitize themselves to the needs of their mentees and extend formal counseling. This plays an important role in raising the confidence level of students.

Special importance is given to mental health issues like sexual identities and sexual harassment in the work place for which counselors are available and also invited from time to time.

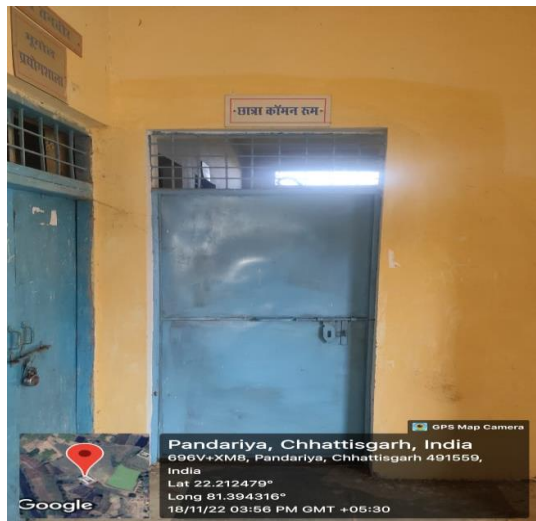

Heads and staff of various streams counsel the females at the time of admission to help them choose their streams and subjects on the basis of their capacity & capability.
