Department of English

The importance of literary studies is being increasingly recognized in India's world. Literary studies help directly or indirectly in creating career choices, they enrich the mind and broaden the human perspective. The Department of English endorses to provide the students a firm grounding in English and literary studies in a very congenial atmosphere. English is one of the most popular subjects among undergraduate students who opt for it as their core or elective subject every year. Our students are introduced to all the important aspects of literature written in English.

We extend our values to other departments too, with the teaching of English and Communication skills to students of other departments. Teaching of English for Bilingual English classes and for competitive examinations is also undertaken by the Department. We also have a nice stack of useful books at our department. Library and up-to-date smart classrooms available for teaching, presentations, and academic functions. We also have a nice stock of e-books at library and up-to-date smart classrooms available for teaching, presentations, and academic functions. In addition to various competitions and events for the students, we try to make our students feel at home. We also indulge them to explore their talents with creative treatments and challenges.

So, our students can learn, communicate, sing, and excel—all at this department. All in all aim of the English department is to develop language skill and to introduce the students to English literature books above said, also to cater the need of literary sensibility and perception.

Graduate Course: B.A. English Literature

Graduate Programme Outcome

- Disciplinary Knowledge**
 - Ability to identify about different literary genres, periods and movements.
 - Ability to read texts closely paying attention to theme, historical context, linguistic and stylistic variations.
 - Ability to understand the world through literature at local, national and international level.
- Communication Skills**
 - Ability to enhance the four language skills: speaking, writing, listening and reading.
 - Ability to speak and write in standard academic English.
- Critical Thinking**
 - Ability to analyze and critically appreciate the texts.
 - Ability to understand each text and the writers associated with it.
- Problem Solving**
 - Ability to understand their text with the limited knowledge skills.
 - Ability to understand the social, cultural and economic aspect of other texts.
- Analytical Reasoning**
 - Ability to examine and evaluate merits and demerits in a text.
 - Ability to use critical theories to explain one's argument.
- Research - Related Skills**
 - Ability to enhance creative skills by reading the texts.
- Cooperation and Teamwork**
 - Ability to actively participate in class discussion.
 - Ability to complete assignment in organized time period.
- Scientific Reasoning**
 - Ability to think logically and rationally.
 - Ability to connect literature to other disciplines.
- Reflective Thinking**
 - Ability to understand the role of literature in everyday life.
 - Ability to transfer their learning to other situations.
- Self - Directed Learning**
 - Ability to choose appropriate learning strategies and evaluate learning outcomes.
 - Ability to carry out individual research and frame out their interpretation and solutions.
- Information and Digital Literacy**
 - Ability to use digital devices and internet.

DEPARTMENT OF HISTORY

PROGRAMME OUTCOME (PO)

- 1) After the completion of M.A history scholars will be able to distinguish between primary and secondary sources and identify and evaluate evidence
- 2) Students will demonstrate in discussion and written work their understanding of different peoples and cultures in past environments and of how those cultures changed over the centuries.
- 3) They will be able to produce their own historical analysis of documents and develop the ability to think critically and historically when discussing the past
- 4) The study of history will give them the ability to compare and contrast different processes, modes of thoughts and modes of expression from different historical time periods and in different geographical areas.
- 5) Students will offer multi-causal explanations of major historical developments based on contextualized analysis of interrelated political, social, economic, cultural and intellectual processes
- 6) Students will be able to write an original research paper that locates and synthesizes relevant primary and secondary sources and has a clear, coherent and plausible argument, logical structure, proper references.
- 7) Students will present orally their researcher a summary of another's research in an appropriate fashion.
